

## Health and Safety Policy

- To maintain a Health and Safety Management System in accordance with the requirements of BSEN OHAS 18001
- Provide adequate control of the health and safety risks arising from our work activities;
- To consult with our employees and approved subcontractors on matters affecting their health and safety;
- To provide and maintain safe plant and equipment;
- To ensure safe handling and use of substances;
- To provide information, instruction and supervision for employees;
- To ensure all employees and approved subcontractors are competent to do their tasks, and where required to give them adequate training;
- To prevent accidents and cases of work related ill-health;
- To maintain safe and healthy working conditions;
- To maintain compliance audits in accordance with an agreed timetable to ensure procedures are effective and supported
- To review and revise this policy as necessary at regular intervals based on an annual review of the Health and Safety Management System.
- To ensure compliance with any external certification body requirements
- To maintain adequate training records, demonstrating compliance with any legislative requirements and to ensure such are maintained up to date

Bill Wilkinson

Managing Director
